

TESTIMONIAL

What Alumni say about St. Mary's

I got to experience 13 enjoyable years at St. Mary's and I have been **BLESSED** with knowing some great people there. My friends- they were a large part of why I bothered to get up in the morning and I know I will always keep in touch. The faculty- they were kind, **PASSIONATE**, eager to share their knowledge, and were always there to help me out. And massive thanks to those who supported our fundraising events. Not only was it all for **A GOOD CAUSE** but I thoroughly enjoyed working with everyone in it.

St. Mary's offered a wide range of extracurricular activities which were catered to everyone's interests, and it led to an experience that was not only academically challenging but also **FULFILLING** in a more holistic way. I am **GRATEFUL** I was able to take a part in it.

Once a Titan, always a Titan!

John, Class of 2020
